Governor's STEM Institute
2019 School Recommendation

The School Selection Committee hwed all applications for the GSMS. We have listed the nominees in rank order according to grade level. We understand that the rank order will be used only as a recommendation to the County Selection Committee. Each application has been reviewed to ensure that it is complete, including the required signatures, and that the applications are stapled, not paper-clipped. Students have verified that they have submitted Part I via the Internet by attaching the "Thank You For Applying" note.

Note: The school selection team may nominate up to eight 7th graders and up to six 8th graders. Eighth-graders who attended GSMS 2018 are not eligible.

8th Graders

1.
2. _
3.
4.
5.
6.

7th Graders

1._____
2._____
3. _____
4. _____
5. _____
6. _____
7._____
8._____

Name of School: _____

Principal's Signature _____

Please forward the applications of your school's nominees to the county coordinator for the Governor's School for Mathematics and Science or your superintendent. If you have questions, contact Sherry Keffer, cheryl.keffer@k12.wv.us
